Dear Mr Connelly

You wrote to Lord Gill on 14 May 2008 expressing concerns about the general health and safety regime in operation at the ICL premises at Grovepark Mills, Maryhill prior to the explosion which occurred on 11 May 2004.

Lord Gill was very appreciative of the information you provided. He considered your letter very carefully and concluded that it raised matters that were outwith his Terms of Reference. Your letter of 14 May was placed on the Inquiry website on 6 June.

Lord Gill has requested me to say that he would welcome any submission that you may care to make setting out the conclusions that you would wish him to draw from the information you have provided to the Inquiry and specifying the relevance that you consider such information to have to the Inquiry's Terms of Reference.

Yours sincerely

Trevor Lodge
Secretary to the ICL Inquiry.
